Our Foundation

1.0

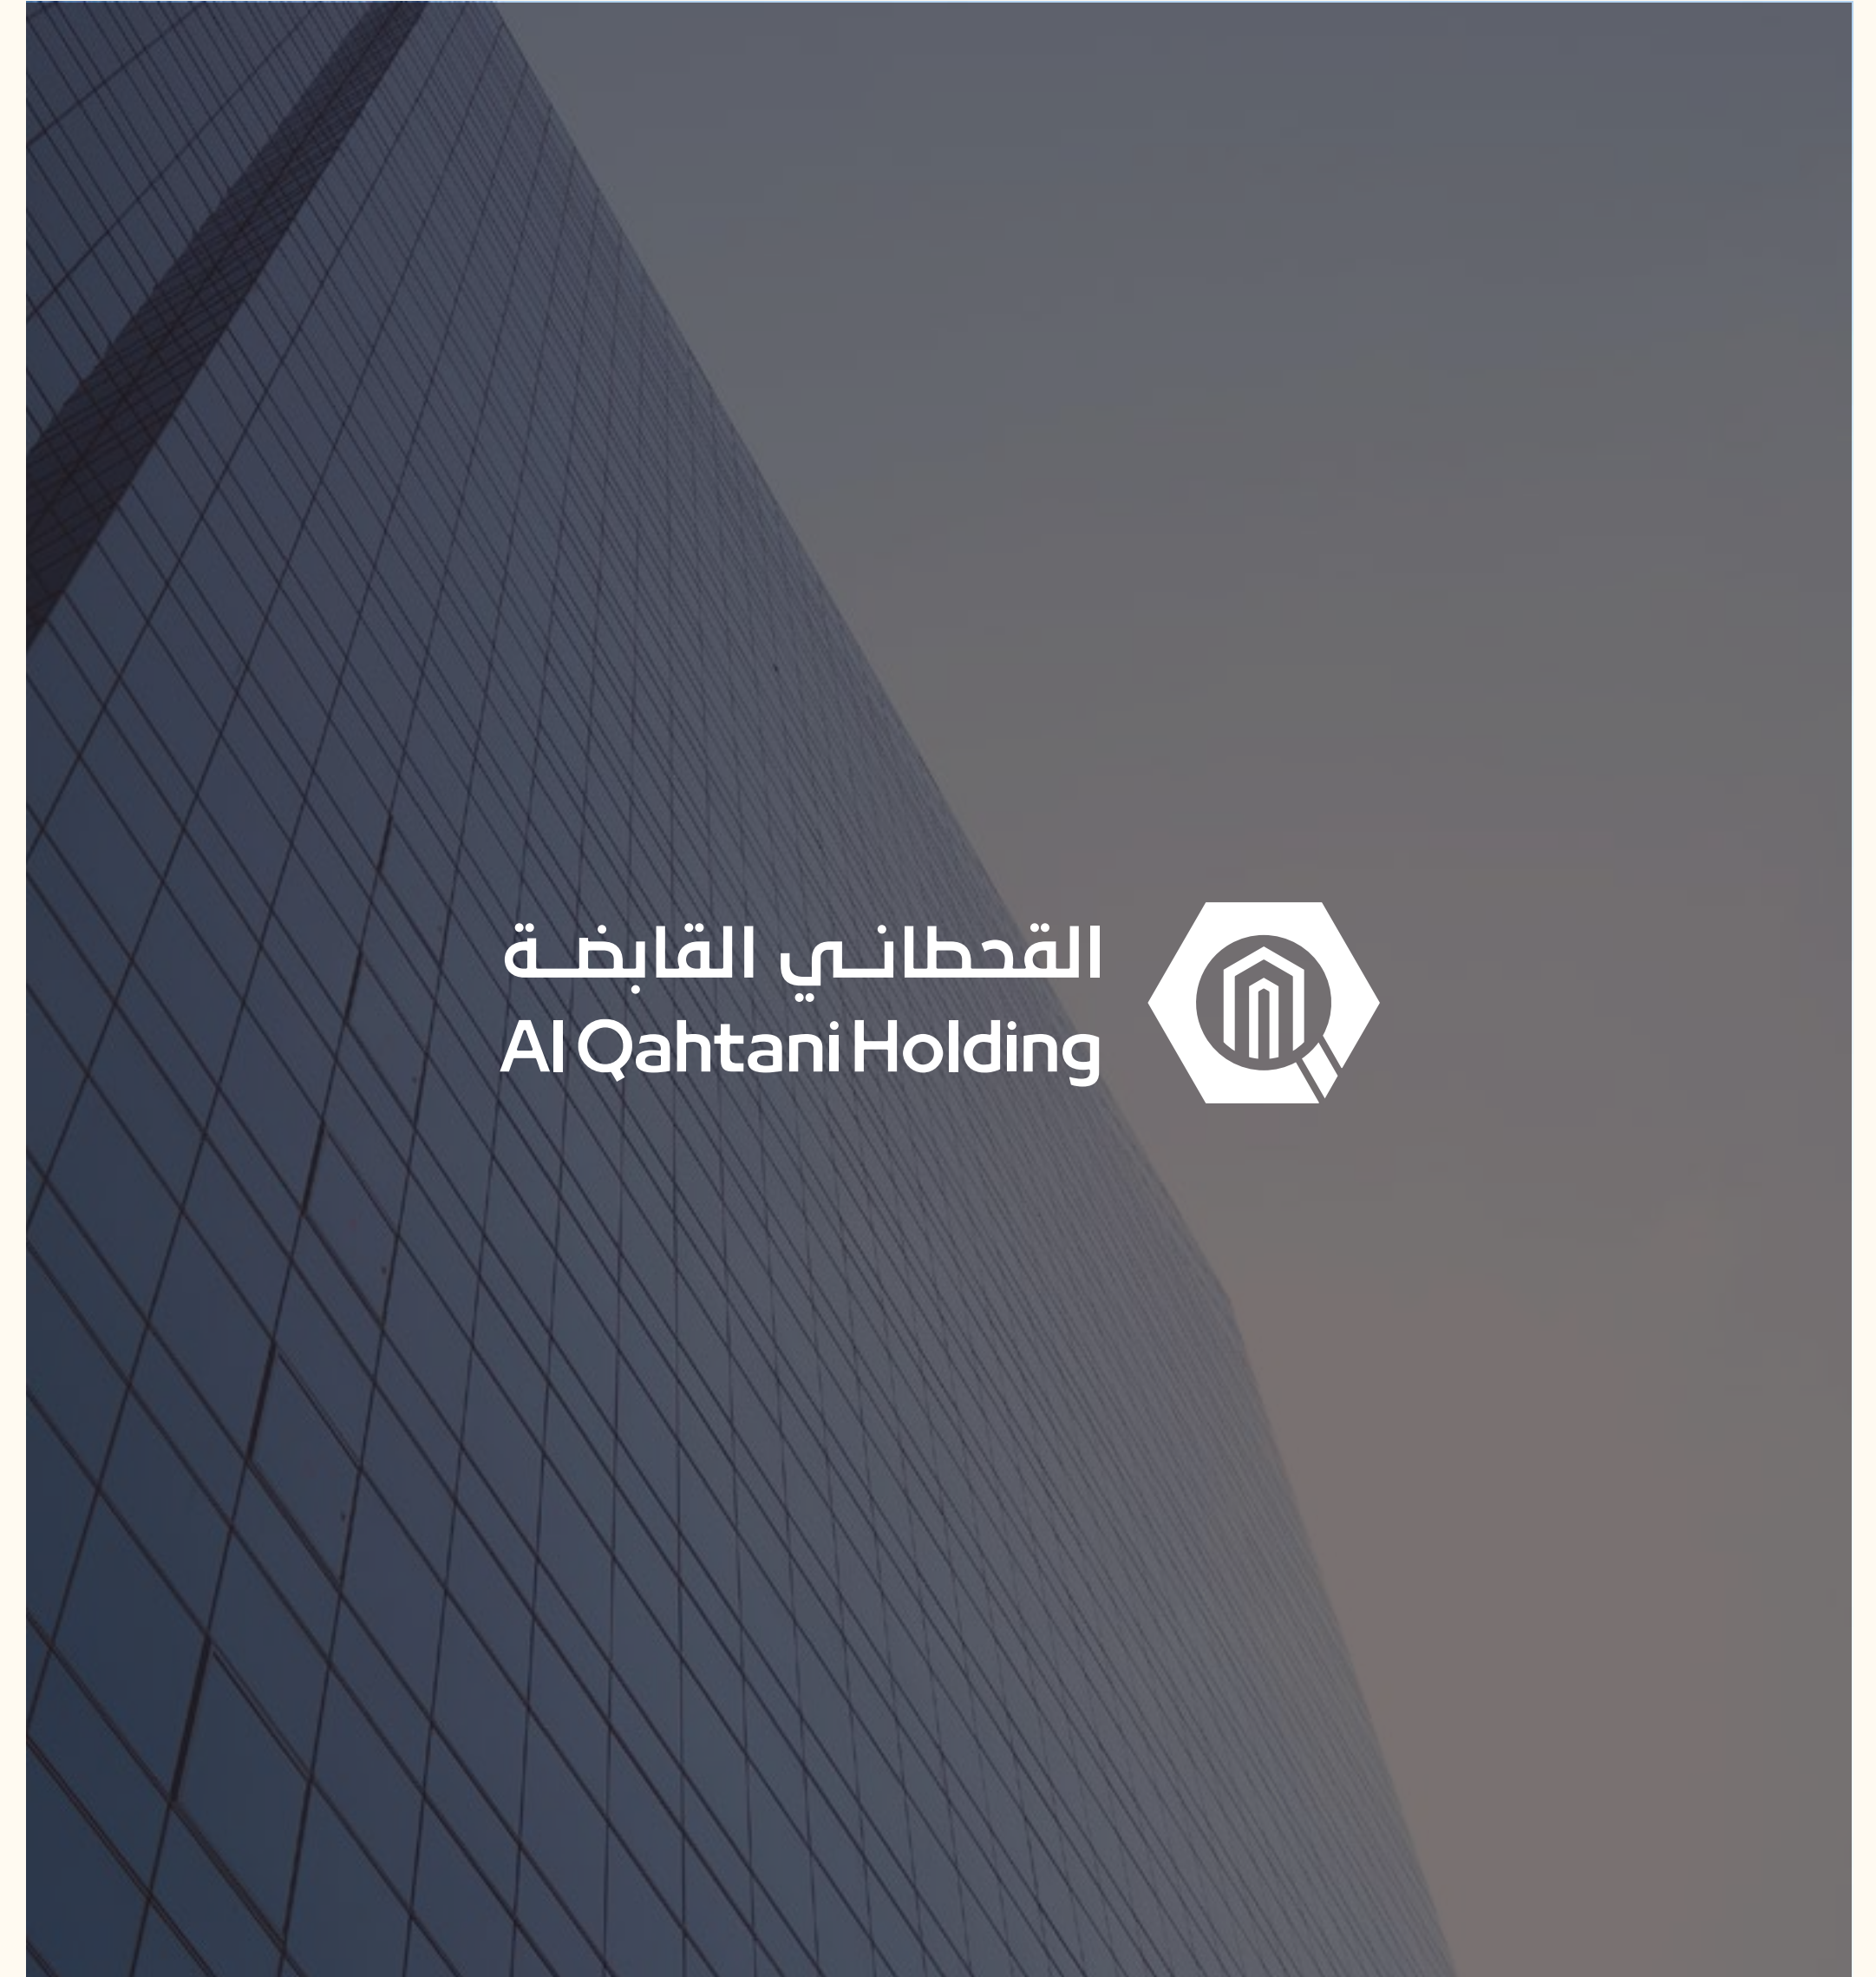

Continuing the legacy of the esteemed Abdulhadi Abdullah Al Qahtani Sons Group Holding, we paved our way from Al Khobar in 2016, in a competitive environment. Empowered by our **leadership expertise** and driven by visionary ideas that blend innovation with authenticity.

About Al Qahtani Holding

Al-Qahtani Holding Group is proud of the successes it has earned since its establishment in 1948, and of being one of the largest industrial conglomerates in the Kingdom of Saudi Arabia with unique and specialized characteristics. It has grown in pace with the country, and known for its efficiency commitments to communities, health, safety and environment, which has helped it retain customers' respect by delivering high-quality products and services.

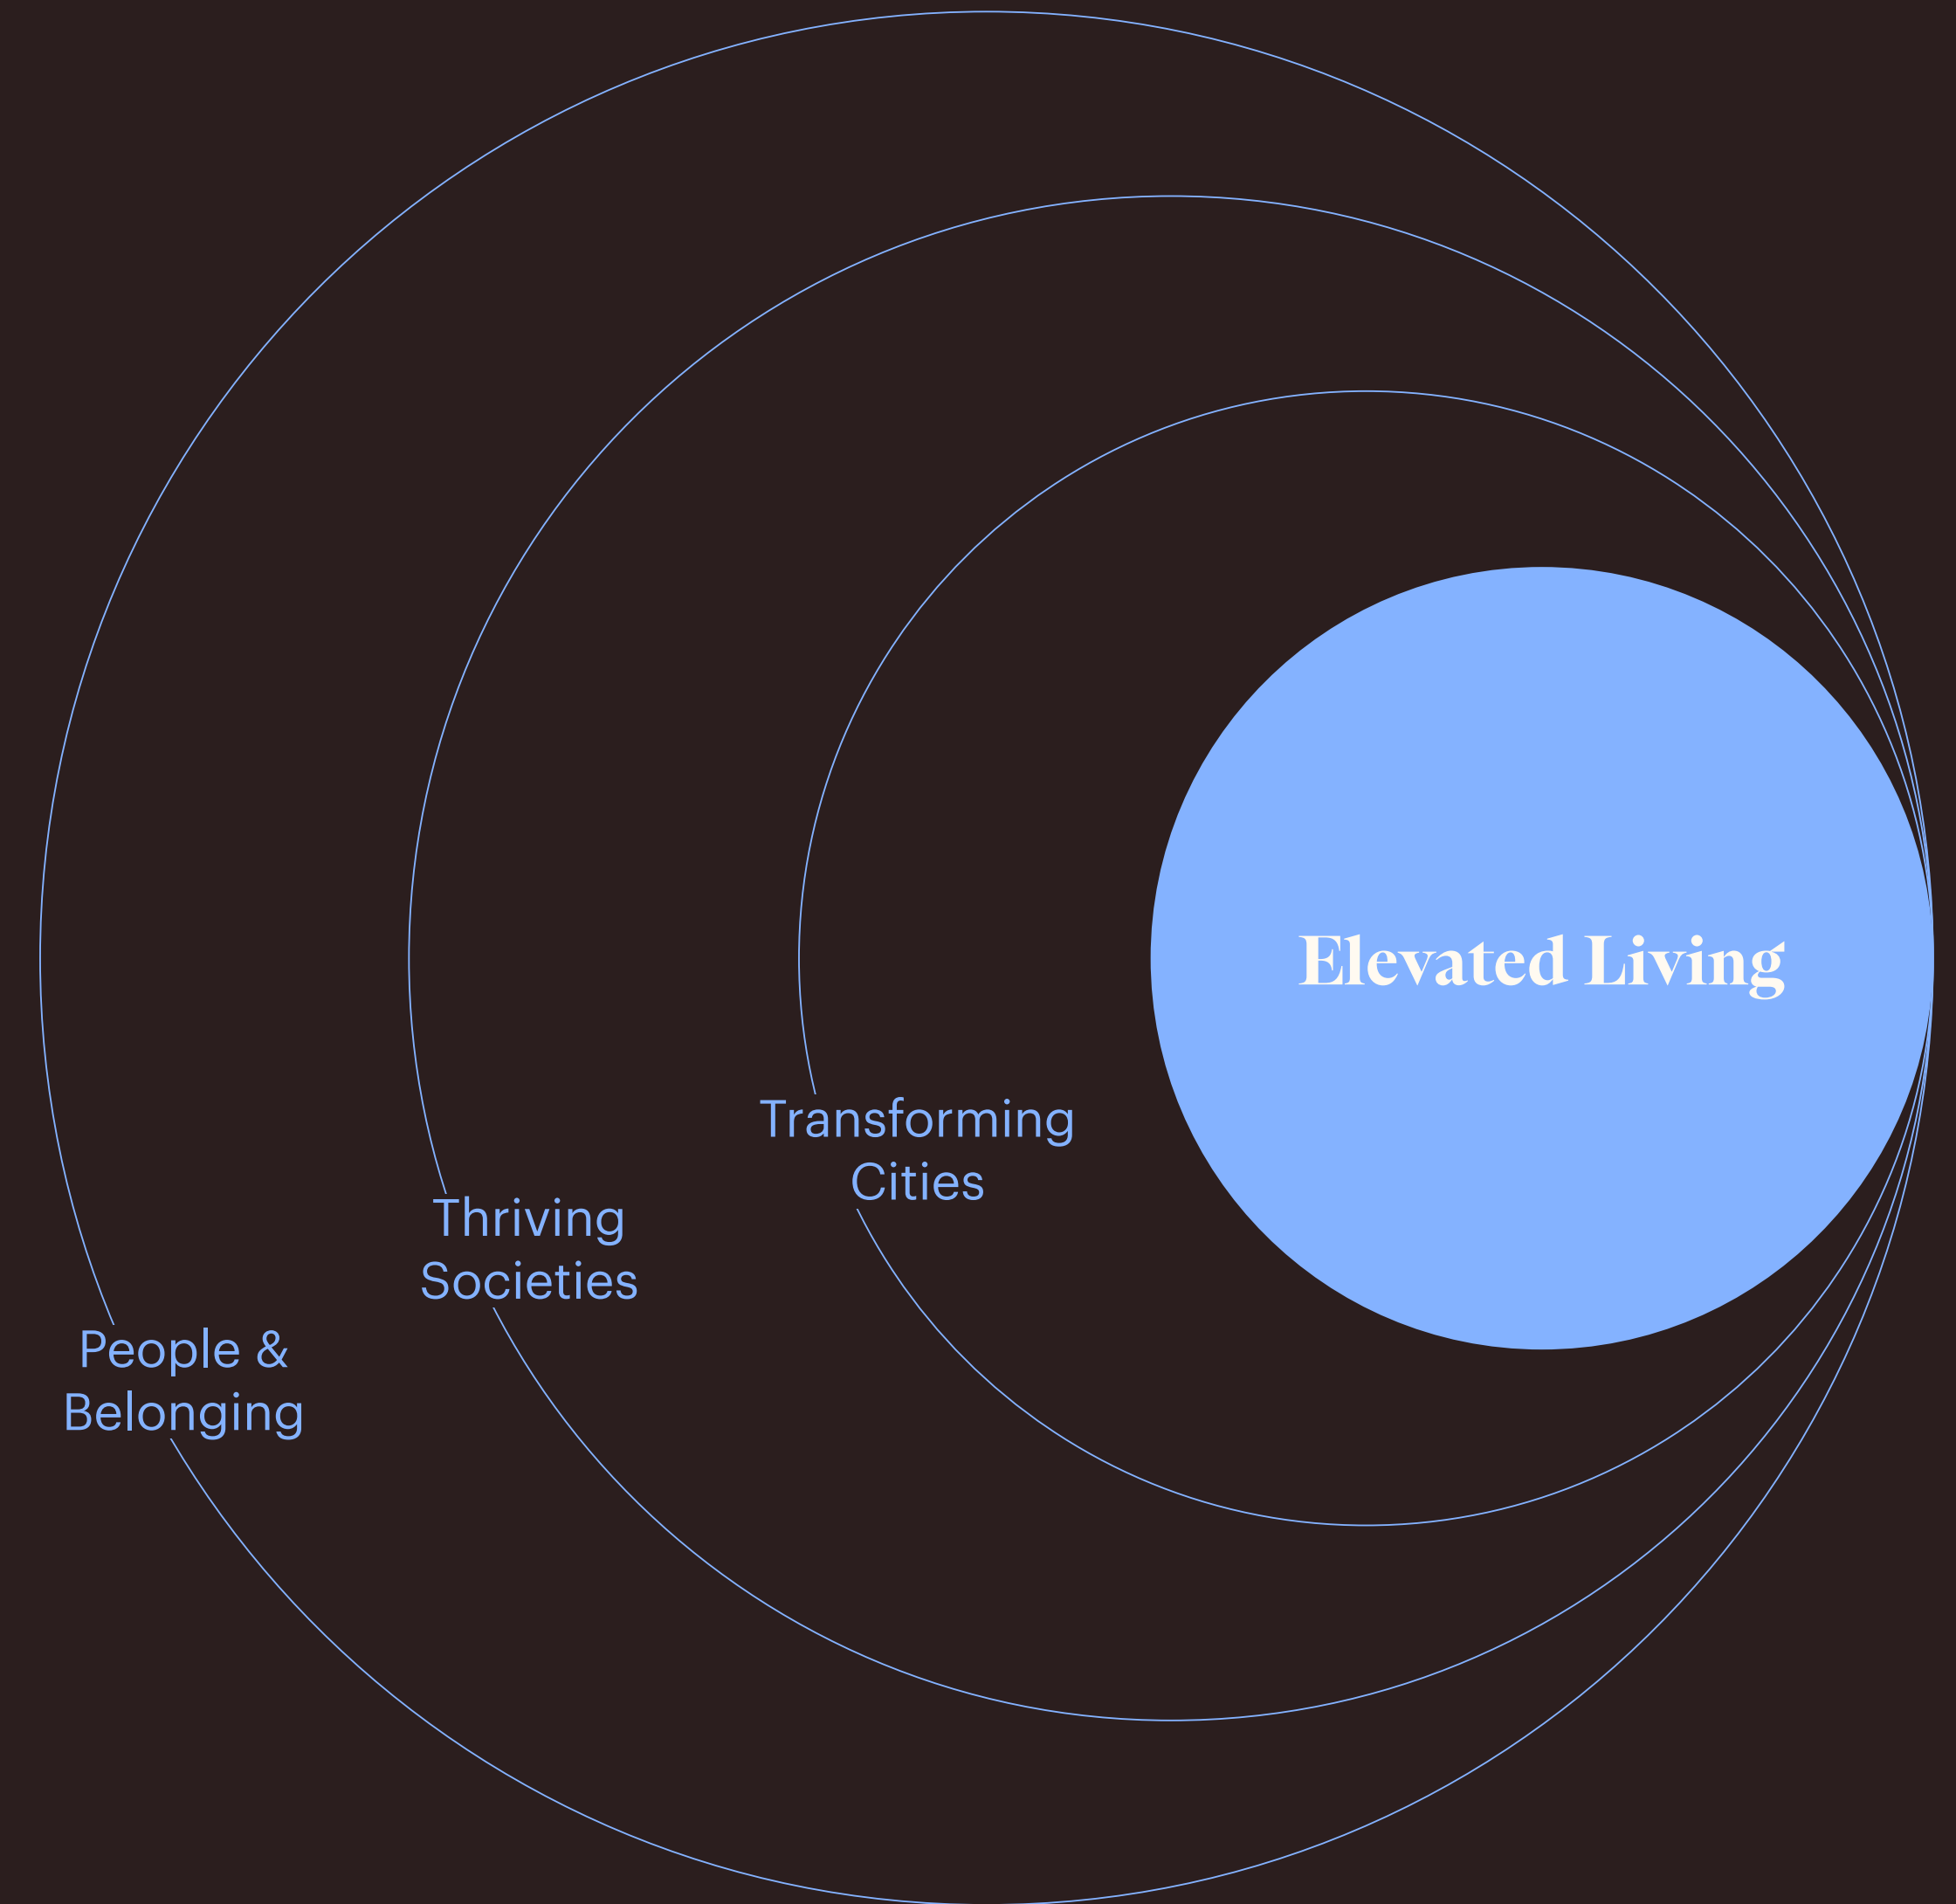

With a strong track record of success both nationally and internationally, Al-Qahtani Holding Group attributes its sustained growth to a combination of key strengths. These include deeply rooted values and heritage in Saudi Arabia, dynamic and effective leadership, a youthful and capable workforce, and a diverse business portfolio. The Group's adaptability, focus on modernization and technology, integrated and flexible work environment, and entrepreneurial vision all contribute to its long-term business resilience and continued excellence.

Our Purpose

A Lasting Impact for a Prosperous Life

We enhance regional real estate by delivering quality, sustainable projects and partnering with top professionals to drive impact, efficiency, and excellence.

Our Mission

Redefining Living Experiences

Designing exceptional destinations and unique experiences that embody the highest standards of quality and align with the communities' **lifestyles**. Through advanced technologies and strategic collaborations with industry leaders, fostering genuine connections within communities creates a lasting impact.

Our Motivation

We believe in the power of place. There's an undeniable connection between who we are and where we choose to be. The right environment **can inspire, nurture, and elevate our lives.**

We exist to curate spaces and experiences that honor these beliefs. To connect people with places that resonate with their souls, foster genuine community, and empower them to live comfortably, beautifully, and authentically.

Innovative Solutions

2.0

Leading the Industry

Our values are reflected in our work and innovations, our creatively transformed resources have a strong impact in the real estate market. Our **rich experience** and deep understanding of data drive us to create inspiring and contemporary solutions that highlights our culture.

Our Solutions

Real Estate Development Management

Real estate development starts with diverse studies and research to meet market needs, followed by developing initial architectural ideas. We create an execution plan for project delivery, ensuring we fully understand the investor’s requirements for optimal efficiency in operations and maintenance.

Real Estate Investment

Our goal is to achieve sustainable returns by designing balanced and diverse real estate portfolios that efficiently allocate capital across targeted investments, including commercial, recreational, residential, hospitality, entertainment and industrial sectors.

Real Estate Management

We provide comprehensive property management solutions for all asset types, commercial, entertainment, residential, hospitality, and industrial properties, using effective methods and accounting techniques to support developments.
